

Optical Windows

Optical windows are polished from both sides with s/d 20/10 and L/10@25mm, suitable also as laser mirror substrates. At the moment we produce the standard windows from UVFS, CaF₂, ZnSe, ZnS for stock. The windows from MgF₂, Sapphire, Si, Ge, Sital (Clearceram, Zerodur), colour glasses are produced for customized requests.

prices (EUR/pc) for windows from stock (1-20pcs)

sizes, mm	UVFS	CaF ₂	ZnSe	ZnS	MgF ₂	Sapphire	Si	Ge	Sital
